

Dramatic Amenity Renovation Completed - Ka'anapali Ali'i Unveils New Pools and State-of-the-art Fitness Center

KA'ANAPALI, MAUI, Hawaii – “Wow!” is the most frequent reaction heard from return guests of Kaanapali Alii when they discover the dramatic enhancements unveiled this month. Renovations at this luxurious condominium were chosen based on the amenities most valued by guests: the oceanfront swimming pools, and the fitness center.

“I talk to guests every day so that we stay focused on what matters to them. Our Alii condo advantages of luxury, space and privacy are key but as important are the beachfront location, our pools and the fitness center,” explained Mark Altier, general manager.

A second freshwater swimming pool, a new whirlpool spa, and an expanded children's pool were added to the Alii's popular center courtyard. Plus a new pool pavilion with flat screen TVs and earth-toned lounge furniture has become an instant gathering place. The cool shade of this indoor-outdoor pavilion offers an alternative to the sundeck and the beach.

In response to increased guest demand for health-oriented vacations, the resort also invested in and just opened a new state-of-the-art Fitness Center located across from the porte cochere. Here's a peek inside: Large picture windows open up views of the scenic West Maui Mountains and the Kaanapali Kai Golf Course; cardio equipment outfitted with TVs; flat screen TVs strategically placed around the fitness area, the latest in strength equipment and a serene yoga and stretching area.

There's more to come when the new Alii Spa opens on January 15, 2010 with treatment rooms offering massage and tropical facials.

Kaanapali Alii is managed by Classic Resorts, a Hawaii-based condominium management company specializing in luxury properties in unique resort locations.
